Note: Judges reserve the right to re-classify any vehicle the day of show

Vehicle Judging Definitions:

Modified: A modified class vehicle utilizes a combination of a stock and/or custom paint, upholstery and engine changes. The only body modifications allowed are de-chroming and/or one-piece windows. All other modifications must be bolt-on items. *Any modifications which alter the lines of the body from stock – chopped top, wider fenders, frenched lights, sunken antenna, etc – are not allowed in this class and should register in Class 23.*

Daily driver / Primary Transportation: Vehicles which are driven 12 months a year in any and all kinds of weather. This is your daily driver. *Must be driven to the show and show evidence of wear. Minimum of 10,000 miles since new or restoration.*
